Advancing Women in Law Around the World

Corporate Sponsor Directory

2019

WWCDA.ORG

Thank You

WWCDA would like to thank all of our Corporate Sponsors

The Women's White Collar Defense Association (WWCDA) is extremely grateful to our Corporate Sponsors, whose support in 2019 has helped to propel us to new heights I never could have envisioned when we started the WWCDA in 1999 with only 10 members. We have grown to more than 1400 members in 38 chapters in North America, Europe, Latin America and Asia Pacific. Your support for the WWCDA promotes diversity in the white collar practice and helps the Association finance its various activities and initiatives. The Association's programs in 2019 include our Annual Meeting, the London Reception with in-house counsel and other guests, the GIR Women in Investigations conference in London, and the ABA White Collar Conference in Prague. We also launched a quarterly newsletter this year that will provide information about WWCDA and chapter activities, as well as highlighting members.

WWCDA has additional initiatives that help promote diversity in the white collar law practice. We help to ensure that women are accurately represented in published rankings directories. We also help place women on panels and in guest speaker slots and provide topic ideas for conferences/events held by other organizations. We promote the professional accomplishments and activities of our members and other women through social media, our web site (wwcda.org), and the new quarterly newsletter. We have a Listserve that is used for business referrals, job announcements, educational and other professional discussions, and WWCDA event and other announcements.

Just as our Corporate Sponsors support our women in pursuit of the WWCDA goals, we wish to further collaborate with you. With that in mind, we created this 2019 Corporate Sponsor Directory, which is being distributed to each member of the WWCDA and all new chapters launched in the future. This Directory puts at our members' fingertips the names and contact information of your senior level women whom our attorney members can call upon as opportunities arise. The Directory will help encourage member/sponsor collaboration in enhancing diversity in the white collar law practice, facilitating women working together, and helping our members and sponsors in their respective practices.

The WWCDA looks forward to finding other ways to partner and collaborate with our Sponsors and to strengthen our relationships. We invite you to share your suggestions. Thanks again.

Very truly yours,

Karen Popp
Global Chair and Co-Founder

Advancing Women in Law Around the World

OUR MISSION

The Women's White Collar Defense Association (WWCDA) promotes the common business and professional interests of women attorneys who specialize in the representation of corporations, other organizations and individuals facing government enforcement actions (criminal, civil, regulatory, and administrative), and in internal investigations, compliance and ethics matters. WWCDA promotes diversity in the legal profession, organizes business activities to facilitate networking and business development opportunities for women in the practice, and provides educational programming focused on the defense of government enforcement actions and internal investigations, compliance and ethics issues. WWCDA also promotes the common interests of women consulting professionals who specialize in the same field and offer support services and referral opportunities to attorneys in the practice.
